INFORMATION FOR POSTMASTERS

(1) **Air Stage Service—Mont Joli, P.Q.—North Shore of the St. Lawrence.**—The air stage service—Mont Joli—North Shore of the St. Lawrence River (C.A.M. 42 in Air Mail Schedules) for the winter season 1947-48 is now in operation.

Postmasters are reminded that the rates of postage applicable to mail conveyed over this air stage service are as follows:

First class matter.....4c. for the first ounce, 2c. for each ounce after.

Second class matter.....When mailed by the public 1c. per 4 ounces or fraction of 4 ounces to each separate address;

When mailed from office of publication or from newsdealers to subscribers, 4c. per pound.

Other classes of mail are conveyed by surface transport at ordinary postage rates.

The Summer Air Service between Mont Joli and Baie Comeau, P.Q., (C.A.M. 42A in Air Mail Schedules) has been discontinued. However, parcels prepaid at the following air parcel rates:—

15c. per lb. or fraction of a pound up to and including 10 lb.

\$1.80 per parcel over 10 lb. up to and including 15 lb.

\$2.40 per parcel over 15 lb. up to and including 20 lb.

\$3.00 per parcel over 20 lb. up to and including 25 lb.

will be carried over the above air stage service between Mont Joli and Baie Comeau, P.Q.

(2) **Windsor-Pelee Island, Ontario, Winter Air Stage Service.**—The winter air stage service between Windsor and Pelee Island, Ontario, is now in operation.

Postmasters are reminded that all classes of mail are conveyed over this air stage service during the season of closed navigation. (See Route C.A.M. 43 Air Mail Schedules).

(4) **Similarity of Post Office Names.**—The Postmaster at Blumenhof, Saskatchewan, reports that a considerable amount of mail addressed to Blumenfeldt P.O. Prelate is being missent to his office.

Blumenfeldt is non post office point near Prelate, Saskatchewan, and mail so addressed should be sent to Prelate for Delivery.

The Postmaster, Boswell, B.C., reports that mail addressed to his office is being missent to Boswell Cannery, a non-post office point on Vancouver Island, and that mail intended for Boswell Cannery is being received at his office.

The Postmaster at Ste. Gertrude, P.Q. also reports that a considerable amount of mail addressed to Ste. Gertrude de Pontiac, P.Q., is being missent to his office.

Care should be exercised in the sortation of mail for these points.

(5) **No Redemption of War Savings Certificates.**—Postmasters are again reminded that under no circumstances are they permitted to redeem War Savings Certificates issued since the year 1940. Until further advised, Postmasters should instruct patrons wishing to redeem these Certificates to send them to—

"The Registrar,
War Savings Certificates,
350 King Edward Ave.,
Ottawa, Ontario."

(6) **Canada Air Letters.**—Effective 1st January, 1948, the Canada Air Letter service, formerly restricted to certain destinations, was extended to all countries.

It should be noted that Canada, Newfoundland and the United States are not included for the reason that the air mail rate for correspondence so addressed is 7c. for the first ounce and 5c. for each succeeding ounce, much cheaper than the Canada Air Letter rate.

A New Table of Air Mail Rates, embodying this extension and any additional air mail services follows and Canadian mailers should be advised, whenever possible, as to the correct rates applicable in order to keep the volume of shortpaid air mail to a minimum.

To all other countries where air service extends the rate is 15 cents each. Canada Air Letters may not be registered.

(8) Air Mail Service to Germany.—In order to dispel any possible misunderstanding which may exist, attention is directed to the fact that the normal limit of 4 lb. 6 oz. applies to air mail for delivery in Germany.

(9) Air Mail Service to Okinawa and the Ryukyu Islands.—Effective immediately, air mail service to Okinawa and the Ryukyu Islands south of 30° north latitude is in operation subject to the conditions for surface mail outlined in a notice published in the Bulletin of the 12th July 1947.

Letter packages are accepted weighing up to the normal limit of 4 lb. 6 oz., but merchandise must not be enclosed. The air mail rate applicable is 25c. per quarter ounce.

(10) Gift Parcel Service to the Netherlands.—With reference to the notice in the Weekly Bulletin of 1st February 1947 regarding the restrictions on cigarettes and tobacco permitted entry in the Netherlands it is to be observed that these regulations have been amended as outlined below:—

The maximum importable amount of tobacco addressed to the same person has been changed from 250 grams per month to 500 grams per month (about 17½ oz.). The maximum for cigarettes still remains at 200 cigarettes per month.

In order to facilitate the transportation it has further been decided that the importation of a single packet containing no more than 400 cigarettes or 1,000 grams of tobacco by the same addressee will be permitted every two months.

Postmasters should bring this to the attention of interested mailers.

(11) Stamps of all kinds liable to Customs Duty in Turkey.—The Postal Administration of Turkey has advised that under customs regulations of that country, stamps of all kinds whether cancelled or uncanceled are liable to duty when received from abroad.

The attention of mailers should be directed to the above whenever possible.

(12) Printed Matter Service to the Philippines Republic.—Reference is made to the notice in the Bulletin of the 9th February 1946, regarding the service for printed matter to the Philippines.

It should be noted that such matter may now be given transmission under normal conditions including the weight limit of 4 lb. 6 oz. without restriction of the frequency of mailing.

(13) Weight to be indicated on Parcels for Overseas Destinations.—Reference is made to Notice No. 1 appearing in Weekly Bulletin of October 25, 1947, in regard to the above.

There will shortly be issued a new supply of Customs Declaration Form 91B, on the right hand side of which under the space reserved for the date stamp, is included an additional space for the gross weight of the parcel concerned to be indicated by the Postmaster (or wicket clerk) in pounds and ounces.

As previously stated, this procedure will not be necessary as regards parcels addressed to the United States or the United Kingdom.

Postmasters will please bring this to the attention of those concerned in their office, in order that there may be no misunderstanding as regards the correct procedure.

(14) Commercial Consignments of Diamonds Prohibited Importation by Mail Into Palestine.—Information has been received from the Postal Administration of Palestine that for security reasons the entry by post of commercial consignments of diamonds including rough diamonds, industrial diamonds, uncut, cut, semi-cut, and polished diamonds, is prohibited in that country.

Prospective Canadian mailers should be informed accordingly, and care exercised to see that commercial shipments of diamonds are not accepted for transmission to Palestine.

INFORMATION FOR POSTMASTERS

(1) A Message of Appreciation from the Deputy Postmaster General.—May I express to all members of our postal staffs, on behalf of the Postmaster General and myself, how deeply is appreciated the splendid manner in which one and all carried out their allotted tasks during the Christmas rush period.

Again the volume of mail handled reached new record proportions, and I believe it can truthfully be said that never before was there greater smoothness or efficiency of operation throughout our vast postal system. Certainly, the many public expressions of appreciation, which we have received and the numerous complimentary references which have appeared in the Press, indicate that there was general satisfaction with the manner in which this very important piece of public business was carried out.

In our pride, of course, we must not forget that there were several factors operating in our favour. The weather, almost everywhere throughout the country, was good. We were accorded the most cordial co-operation by the public in mailing early. Nevertheless I think the Postal Service as a whole can accept, with becoming modesty, a generous measure of the credit. Certainly it was a job well done.

Concerned as we all are with maintaining a high standard of service at all times, I am sure we can accept this high achievement as a measure of what we can and will accomplish all through the year. In 1948, I am sure, we will all do our best to live up to it.

W. J. TURNBULL,
Deputy Postmaster General.

(2) J. A. Pouliot Retires.—Mr. J. A. Pouliot, Regional Director of Postal Service at Quebec, P.Q., has commenced retiring leave prior to separation from the service. Mr. A. Gagnon, Superintendent, Land Mail Services, Communications Branch, will be Acting Regional Director from the 1st January 1948.

(3) Mr. Budden Placed in Charge of Engineering, Buildings and Equipment Division.—Mr. Robert Hill, Superintendent, Engineering, Buildings and Equipment Division, Operations Branch, has proceeded on Retiring Leave, and Mr. A. N. Budden, B.Sc., has been placed in charge of this Division in an acting capacity.

(4) Air Stage Service, Leamington-Pelee Island, Ont. (C.A.M. 43).—Effective January 16, the Air Stage Service to Pelee Island and Scudder, Ontario, operates from Leamington instead of from Windsor, Ontario.

(5) Similarity in Post Office Names.—The Postmaster at Dunlop, Sask., reports that mail is being received at his office addressed to Dunlop, Man., a non-post office point at Mile 122, Hudson Bay Railway, mail for which is distributed from The Pas, Man.

The Postmaster at Park Valley, Sask., also reports that mail addressed to Valley Park, Sask., and Valley Centre, Sask., is being misssent to his office.

Care should be exercised in the sortation of mail for these points.

(6) Re: Safeguarding Post Office Money and Other Values and Depositing of Post Office Funds.—Postmasters are requested to substitute the following for the first paragraph of Rule 180, Book of Financial Procedure for Accounting Post Offices:

180.—All money received in connection with Post Office business must be kept separate from other funds and the Postmaster is required to provide a receptacle, with a secure lock, in which it must be kept. Postmasters are responsible for the custody and safekeeping of the key for any receptacle containing Post Office values. The key must not be left in the office but must be retained on the person of the Postmaster or his duly sworn assistant.

(7) Amendments to the Excise Tax Act.—Under the Amendments to the Excise Tax Act, the Receipt Forms (S.B. 12 or 12½) used for withdrawals in cash from Post Office Savings Bank Accounts are subject to a Tax. As the maximum limit for such withdrawals is \$100.00, the tax on each Receipt is three cents, payable by means of an Excise or Postage Stamp, of the specified value, which must be affixed to the Receipt.

Effective immediately, Postmasters at Savings Bank Offices will please see that a three cent Excise Stamp, or a three cent Postage Stamp, is affixed to each and every Receipt for a cash withdrawal from a Post Office Savings Bank Account, the Stamp to be paid for by the person who receives the money and to be cancelled before the money is handed to the Payee.

(8) Registration Service Resumed to Germany.—Registered letters, letter packages and postcards may now be accepted for transmission by air or surface route to the whole of Germany.

Mailers should be informed accordingly.

(9) Certain Articles Temporarily Prohibited Importation Into Mexico.—With reference to the notice published in the Weekly Bulletin of the 8th November, 1947, in regard to the prohibited importation of certain articles into Mexico, further advice has been received to the effect that medicinal preparations, vaccines and serums for the cure of hoof and mouth disease should be added to the list of articles prohibited importation into Mexico.

In view of the temporary prohibition of the importation of certain goods into Mexico, prospective mailers should be advised to contact the addressees and ascertain whether the articles to be mailed will be permitted entry in Mexico, before mailing their parcels.

This will avoid disappointment and possible return of shipments to the senders.

(10) **China—Import Licences.**—Advice has been received from the Postal Administration of China that import licenses are required for all parcels of a commercial nature (including those sent to individuals). They further advise that such parcels regardless of their value, for which an import licence is not presented will be confiscated.

(11) **Correspondence for Ethiopia.**—The address of correspondence for Addis Abeba and other places in Ethiopia should be completed by the addition of "Ethiopia" as the country of destination. The abbreviation "A.O.I." (Afrique Orientale Italienne) must not form part of the address.

The Ethiopian Postal Administration state that correspondence bearing the designation "A.O.I." will not be delivered, but will be returned to origin.

Postmasters are requested to bring this to the attention of prospective mailers wherever possible.

(12) **Prohibited Importation of United Kingdom Sterling Notes Into Palestine.**—Information has been received from the Postal Administration of Palestine that effective immediately the importation into Palestine by post of United Kingdom Sterling Notes is prohibited.

(13) **Mail Service to Germany.**—Reference is made to the list of Postal Districts and Zones of Occupation in Germany and amendments thereto, which appeared in Post Office Weekly Bulletins of 5th April and 12th July 1947.

INFORMATION FOR POSTMASTERS

(1) **To Postal Personnel—"The Postmark" to be Resumed.**—At an early date the Department, through the Public Relations Division, Administration Branch, will resume publication of "The Postmark"—the magazine dealing with the interests of Postal Personnel. Correspondents are being appointed in our larger City Post Offices, in the District Post Office Inspector's Offices, the Offices of the Regional Directors, and at the Branches of the Department. The material and photographs from these offices for publication in the magazine will be centralized by these correspondents, and submitted by them through their respective office heads for publication.

Postal Personnel throughout the service are invited to contribute material and photographs dealing preferably with events of current interest, through there is room for good historical material of a Post Office nature as well. In offices where there are no official correspondents, such material may be forwarded direct to the Public Relations Division, Ottawa.

As "The Postmark", will be largely photographic, sharp glossy prints are wanted with contributions wherever possible. All material will be supplied on a voluntary contributory basis, without remuneration. While it will be impossible to return copy to senders, photographs will be returned on request.

"The Postmark" will be in the nature of a family magazine dealing with events of interest at the offices, the achievements and experiences of personnel, their viewpoints, etc. It will have room for cartoons and humour. Particularly desirable is the type of article dealing with instances of devotion to duty, presentations to personnel, Training and Welfare activities, sports, hobbies, oddities in the mails, etc. Articles showing the value of courtesy to the public are always in demand. Constructive suggestions and opinions on postal matters are invited. Notices of births, marriages and deaths in the families of postal personnel may also be sent.

"The Postmark" does not undertake to publish all material submitted, and may rewrite it, in order to meet the requirements of space. However, it will endeavour to select for publication the articles and photographs which are considered to be of the greatest general or local interest.

Correspondents are requested to be sedulously accurate in fact, in the spelling of names, and are asked to be sure to accompany all items of persons with the correct initials. It is important that identification lines should be attached to every photograph, together with name and address of sender.

Postal personnel are called on to co-operate in making "The Postmark" a success by contributing material for publication.

(2) **Special Assistant Appointed.**—Mr. N. R. Boutin of the Organization Branch of the Civil Service Commission has been appointed as Special Assistant, Post Office Department, with effect from the 1st October, 1947.

(3) **Telegrams.**—The following procedure in regard to telegrams is, on instructions of the Deputy Postmaster General, to be followed in future:—

- (1) "Collect" messages sent by any one outside the Postal Service are not to be accepted, and the telegraph company is to be advised that the charges will be refused.
- (2) Telegrams sent by Regional Directors, Postmasters, District Post Office Inspectors and others who have a telegraph account in their offices should, wherever possible, be sent prepaid.
- (3) Any messages received in the Department from the field, either "collect" or otherwise, are to be checked in regard to length and necessity.
- (4) Wherever possible, the National Defence telegraph service is to be used, both in sending messages from Ottawa and in sending messages from the field to Ottawa.
- (5) Telegraph accounts in regard to paid messages from Postmasters, District Post Office Inspectors and other postal officers authorized to send telegraphic messages are to be carefully scrutinized for any unusual cost.

(4) **Postmark and Postal Review Correspondents.**—Correspondents before submitting photographs for publication in "The Postmark" and the "Postal Review" are requested to find out whether they are copyright, and, if so, to obtain consent for their publication.

(5) **Letter Carrier Delivery Service at a Number of Points.**—Letter carrier delivery service has been established at Campbellton, N.B., Port Colborne, Ont., Penticton, B.C., Portage la Prairie, Man., Brampton, Ont., Port Hope, Ont., Port Frances, Ont., and Wallaceburg, Ont., and the names of these Post Offices should be added in alphabetical order to the list in Section 11, Page 15 of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger. (See also Section 123 of the Postal Guide regarding special delivery of parcels).

(6) **Air Postage Rates on Second Class Matter and Parcel Post Addressed to the Magdalen Islands.**—It is reported that newspapers and periodicals are received at Charlottetown, P.E.I., for the Magdalen Islands bearing no indication that postage has been paid at the air postage rates applicable for transmission via the Charlottetown-Magdalen Islands Air Stage Service (C.A.M. 40).

Such newspapers and periodicals are subject to postage at 4c. per pound when mailed by publishers to subscribers and one cent per four ounces or fraction of four ounces to each separate address when mailed by the public.

Similarly, some parcels are received not prepaid at the air parcel rates applicable, as follows:

- 15 cents per pound or fraction of a pound up to and including 10 lb.
- \$1.80 per parcel over 10 lb. up to and including 15 lb.
- \$2.40 per parcel over 15 lb. up to and including 20 lb.
- \$3.00 per parcel over 20 lb. up to and including 25 lb.

The attention of Postmasters is, therefore, directed to notice number 3 published in the December, 1947 Supplement to the Postal Guide.

(7) **Transmission of Day-old Chicks by Parcel Post.**—As the season is about to commence during which live day-old chicks may be shipped at parcel post rates at the risk of the sender to places within Canada and the United States, Postmasters are requested again to read the section on page 35 of the Canada Official Postal Guide, outlining the manner in which such shipments should be prepared before acceptance for transmission at parcel post rates.

(8) **Householder Mailings.**—Postmasters are reminded that, when accepting "Householder" mailings prepaid by means of postage stamps, the following procedure should be strictly followed:

1. The address label (form 7P) should show clearly the number of items in each package.
2. The number of items contained in each package must be verified, beyond doubt, by the Postmaster at the office of mailing.
3. Care must be taken to see that the correct amount of postage is paid on each package by means of postage stamps of large denominations affixed to the address label.
4. The postage stamps on the labels should be effectively cancelled by the Postmaster at the office of mailing.
5. At the office of delivery, the labels with the stamps affixed should be removed and forwarded at once to the office of the District Post Office Inspector.

(9) **Similarity in Post Office Names.**—The Postmaster, Harwood, Ontario, reports that mail addressed to Hardwood Lake, Ontario, is being received at his Office.

The Postmaster, Cabana, Sask. reports that mail addressed to Cabano, Quebec, is being misssent to his office. A new Post Office was opened recently under the name of Winfield, B.C.

As there is also a Post Office by that name in Alberta, special care should be taken in sorting mail for these offices.

The Postmaster, Ladysmith, B.C., reports that mail addressed to Willow Point, B.C., is being misssent to his office. It is presumed that this mail is being sent by mistake to Yellow Point, B.C., which is served by Ladysmith on Rural Route No. 1.

The Postmaster at Calverts Corners, Ontario has also reported that mail addressed to that office is still misssent to Strathroy, Ontario. It is apparently being mistaken for Calvert, a closed post office, which was formerly served from Strathroy.

Calverts Corners is served from Windsor, Ontario.

The Postmaster at Rothsay, Ont., also reports that a considerable amount of mail is being received at his office addressed to Rothesay, N.B.

Care should be exercised in the sortation of mail to all these points.

(10) **Book—General Information for Postmasters.**—The book "Useful Information for Postmasters in charge of Post Offices on the Revenue Basis" has been revised and the Superintendent, Equipment and Supply Branch, has taken steps to have one copy of the 1948 edition in English forwarded to each English speaking Postmaster of accounting and non-accounting post offices on the revenue basis.

Particular attention is invited to the fact that the title of the book has been changed from "Useful Information for Postmasters" to "General Information for Postmasters".

The revised book in French is now in the hands of the printers and it is expected will be available within the next month or two.

(11) **International Reply Coupon Service Resumed to Germany.**—The service for International Reply Coupons has been resumed to Germany.

Canadian mailers may accordingly forward Reply Coupons to Germany to prepay replies to their correspondence.

(12) **China—Import Licences.**—Reference is made to notice No. 6 appearing in the Post Office Weekly Bulletin of the 17th January, 1948, in regard to the above.

The Chinese Postal Administration now advise that Import Licences are not required for parcels for China not exceeding \$50.00 in value containing goods sent as gifts and clearly marked as such.

(13) **Quarterly Table of Parcel Post Rates.—January, 1948.**—Postmasters are requested to make the following amendments in their copies of the above table appearing in the January, 1948 supplement to the Postal Guide.

FRENCH EQUATORIAL AFRICA—Delete the asterisk * opposite this entry.

SIAM—Insert \$3.75 in the column for parcels over 10 lb. up to 15 lb.

TURKEY—Place an asterisk * opposite the route via England and Egypt.

(14) **Mail Without Postage Stamps Received from Other Countries.**—Provision is made in the Universal Postal Union Air Mail Convention for the indication of prepayment of postage on air correspondence by means of an endorsement reading "Taxe perçue", and an indication of the amount paid in currency of the country of origin, provided it is supported by an impression of the date stamp of the office of mailing.

The endorsement indicating prepayment may take the form "Port Payé", "T.P.," "P.P.," and has been observed in the language of the country of origin, e.g., Austria indicated as the word "Bezahl" or "Gebühr Bezahl".

Unless they are marked for the collection of deficient postage such articles are to be delivered as addressed without additional charge.

(15) **Gift Parcels to Czechoslovakia.**—The regulations governing the entry of gift parcels in Czechoslovakia outlined in the Bulletin of 3rd May, 1947, have been amended as follows:

Not more than 1½ oz. of artificial sweetening may be enclosed in parcels not exceeding 13 pounds in weight which are admitted duty free in Czechoslovakia up to the end of the year 1948. The contents must consist only of ordinary articles for daily use, and not include luxuries of any kind.

Parcels weighing more than 6½ lb., may contain 200 cigarettes, or 7 oz. of tobacco or 40 cigars and will be permitted entry free of customs duty. One pair of nylon hosiery will also be allowed in such parcels.

It should be noted that parcels may be sent from Canada to Czechoslovakia up to a weight limit of 20 lb., but that the duty free concession for gift parcels does not apply when the weight exceeds 13 lb.

(16) **Parcel Post for Fiji.**—Owing to lack of sailings on the direct route from Canada to Fiji, the direct parcel post service is temporarily suspended.

Parcels will continue to be forwarded via the United States if prepaid for despatch by that route and endorsed accordingly.

Postmasters should bring this to the attention of prospective mailers.

(17) **Parcel Post Rates—Norway.**—Postmasters are requested to amend the information relating to Norway given in the quarterly Table of Parcel Post rates published in the January 1948 Supplement to the Postal Guide by substituting the following postage rates for those shown opposite the entry for Norway.

1 lb.....	\$0.65	6 lb.....	\$1.45	Over 10 lb.	Over 15 lb.
2 lb.....	0.75	7 lb.....	1.55	up to 15 lb.	up to 20 lb.

INFORMATION FOR POSTMASTERS

(1) **Promotion.**—T. A. W. Irle has been promoted to the position of District Post Office Inspector at Winnipeg to replace E. Whatmough being retired, effective the 3rd July, 1948.

(2) **Postage Rates on Mail to the Yukon.**—Postmasters are reminded that all classes of mail addressed for delivery at Carcross, White Horse and Champagne are transmissible at ordinary rates of postage. There are no restrictions on mail addressed for delivery at these three offices.

There is also an air mail service from Edmonton to White Horse, on which the air mail rate of 7 cents for the first ounce, and 5 cents for each additional ounce, or fraction thereof, is applicable.

The air stage rates listed hereunder apply for mail to Watson Lake, Carmacks, Fort Selkirk, Mayo Landing, Stewart River and Dawson:

First Class Matter (letters)—4 cents for the first ounce, 2 cents for each additional ounce or fraction thereof.

Second Class Matter (newspapers and periodicals)—when mailed by the public, 1 cent per four ounces or fraction of four ounces to each separate address. When mailed from the office of publication or from newsdealers to subscribers, 4 cents per pound.

Third Class Matter (printed circulars, pamphlets, books, etc.)—1 cent per two ounces, or fraction thereof.

Parcel Post—30 cents for the first pound and 25 cents for each additional pound or fraction of a pound.

Attention is directed to Notice No. 4 in the September 1947 Supplement to the Postal Guide, as regards arrangements to be made by the addressees for the delivery of parcel post in winter at other points.

Mail addressed for delivery in the North West Territories and at White Rock, B.C., is occasionally inadvertently forwarded to White Horse.

Postmasters are requested, therefore, to exercise special care in calculating postage charges and the forwarding of mail for the Yukon.

(3) **Requisitions for Unemployment Insurance Stamps.**—The Unemployment Insurance Commission advise that future requirements of employers for Unemployment Insurance stamps of the 24 cent denomination will be greater than they have been in the past.

Postmasters are requested to anticipate the requirements of local employers for the above denomination of Unemployment Insurance stamps and if necessary requisition for a supply of this denomination without delay.

Requisitions for supplies of all Unemployment Insurance stamps should be forwarded to the stamp depot where the Postmaster obtains his supplies of postage stamps, etc.

(4) **Similarity in Post Office Names.**—The Postmaster at Lewvan, Saskatchewan, reports that a considerable quantity of mail addressed to Leinan, Saskatchewan is being mis-sent to his office.

Care should be exercised in the sortation of mail for Melville, Sask., and Neville, Sask., Northgate, Sask., and Norgate, Sask.

The Post Office at Hamlin, Alberta, is served from Vilna. The Postmaster at Vilna reports that a considerable quantity of mail intended for Hamlin, Sask., which is a non-Post Office point, is received at Vilna.

The Postmaster at Ste. Angele de Laval, P.Q. reports that a considerable amount of mail addressed to Ste. Angele de Monnoir, P.Q., and Ste. Angele de Rimouski, P.Q. is being mis-sent to his office.

Care should be exercised in the sortation of mail for these offices.

(5) **Customs Declarations and Despatch Notes Covering Parcels for Other Countries.**—Information has been received that in certain cases non-adhesive Customs Declaration Form 15B and Despatch Note Form 16B are not being furnished as required with parcels for other countries.

It should, therefore, be specially noted by all concerned and brought to the attention of mailers that two copies of the non-adhesive Customs Declaration Form 15B and one copy of Despatch Note Form 16B must be completed and accompany all parcels for other countries, with the following exceptions:—

(1) No Forms 15B and 16B are required for parcels to the United States, Mexico, Puerto Rico, Hawaii, Iceland and British Empire territories listed on page 75 of the Postal Guide, except to the places mentioned in (2) and as indicated in (3).

(2) Forms 15B and 16B are required for parcels to India, Pakistan and Persian Gulf ports.

(3) Country	15B	16B
Cuba.....	3	1
Czechoslovakia.....	3	1
Egypt.....	1	1
Netherlands.....	3	1
Palestine.....	1	1
Switzerland.....	1	1
Venezuela.....	4	1
Yugoslavia.....	3	1

It should also be specially noted that the adhesive Customs Declaration Form 91B must also be completed and affixed to parcels for all destinations outside Canada.

(6) **Letters, Letter Packages and Other Articles Subject to Customs Control in Great Britain.**—The British Postal Administration advises that letters, letter packages, prints, samples, etc. which contain or appear to contain merchandise, whether liable or not to Customs duty, are subject to Customs control in Great Britain, when received from other countries.

Consequently, in order to facilitate handling in the United Kingdom all such articles, without exception, intended for delivery in the United Kingdom, must bear a green label, No. 185 (completed to show the nature and value of the contents), which is used on letter packages to all countries participating in the service.

The attention of mailer should be directed to the above regulation.

(7) **Mail Service to Japan—Registration Service.**—Is resumed to Japan and all articles of mail authorized for transmission to that country except parcel post may be registered for the usual fee of 10 cents, in addition to ordinary postage.

Should loss occur in Japan, no indemnity is payable. But the normal maximum indemnity of \$9.65 will apply in the case of loss outside of Japan.

SAMPLE POST.—The service for sample post is also resumed for Japan under the usual conditions up to the weight limit of one pound. Only genuine trade samples may be enclosed. A green label No. 185 showing the nature and value of the contents is to be affixed to such articles which are to be marked "TRADE SAMPLES ONLY."

COMMERCIAL PARCELS containing ordinary articles of merchandise weighing up to 11 pounds prepaid at the rates indicated in the January Supplement to the Postal Guide, will now be accepted for transmission to Japan. Each parcel must contain a certified or photostatic copy of a licence validated by the Supreme Commander for the Allied Powers, Tokyo, Japan, permitting such importation. The words "IMPORT LICENCE ENCLOSED" must be endorsed by the sender on the wrapper of each parcel. There is no limitation on the number of such parcels which may be accepted for mailing from the same sender to the same addressee under the above conditions.

The Canadian Export regulations must be complied with as regards Commercial Shipments to Japan.

The conditions of mailing relief parcels to Japan remain unchanged.

(8) **Gift Parcels to Greece.**—Information has been received from the Postal Authorities of Greece that relief parcels mailed before 1st July, 1948, are exempt from Customs duty in that country provided the contents are limited to the following articles in the quantities mentioned:—

1. Used clothing weighing not more than 17 lb. to each addressee.
2. Used footwear—not more than 4 pairs for each addressee.
3. New articles of clothing, or the material therefor (with the exception of those made of real silk, furs, and nylon hose), not over 6 lb. to each addressee.
4. Pure woollen material or suits made of such material, not more than one complete costume for each addressee.
5. New footwear, not more than one pair for each addressee, or a proportionate amount of leather.
6. Bedding, sheets, towels, etc., up to 6 lb. for each addressee.
7. Foodstuffs up to 6 lb. of each kind.

Relief parcels are subject to Customs control in Greece; if they contain articles other than those mentioned above, the entire contents, are liable to Customs duty.

Mailers should also be reminded that the weight limit of parcels to Greece is 20 lb., and that the value is restricted to \$25.00, unless an export permit accompanies the shipment.

(9) **Parcel Post Rates to Certain Countries Via Hong Kong.**—As a result of the revision in the charges which Canada is required to pay for the conveyance of parcels forwarded via Hong Kong to the countries listed below, the rates of postage have been altered and effective 20th March, 1948 will be as follows:—

MALAY STATES and STRAITS SETTLEMENTS (including Singapore)—Via Hong Kong:

1 lb.....	\$0.60	3 lb.....	\$0.85	5 lb.....	\$1.50	7 lb.....	\$1.70	9 lb.....	\$2.35
2 lb.....	0.75	4 lb.....	1.35	6 lb.....	1.60	8 lb.....	2.20	10 lb.....	2.45

Over 10 lb. up to 15 lb.....\$3.75

(10) **Parcel Post Service to Germany—Tobacco Prohibited.**—In accordance with the regulations of the Authorities in Germany, the enclosure of tobacco in any form is prohibited in parcels to that country, addressed to civilians.

The prohibition in question does not apply, however, to parcels for members of the British occupation forces in Germany, or civilians (such as personnel of the Control Commission) who use a military address.

In the case of civilians entitled to use a military address, not more than 100 cigars, or 600 cigarettes, or 2 lb. of tobacco may be imported into Germany per month. This restriction does not apply to members of the British military forces in Germany.

Enquirers should be advised accordingly.

(11) **Parcel Post Service—Palestine.**—Effective immediately, parcel post service to Palestine is suspended.

It should, however, be observed that gift parcels intended for members of the British Armed Forces in that country and the Palestine Police Force may still be mailed.

Such articles are forwarded to the United Kingdom for onward transmission through British Military Postal facilities. They are subject to the parcel post rates to Great Britain, and the weight limit of 20 lb.

(12) **Amendments to the 1947 Canada Official Postal Guide.**—Postmasters are requested to make the following changes and additions to their copies of the 1947 Canada Official Postal Guide:—

INFORMATION FOR POSTMASTERS

(1) **Director of Financial Services.**—Mr. L. J. Mills, C.A., Financial Adviser to the Deputy Minister, Department of Veterans Affairs, has been selected by the Civil Service Commission as Director of Financial Services, Post Office Department. He assumed his duties on April 1st.

A chartered accountant by profession, Mr. Mills also has had a distinguished military career. Enlisting as a private in the Reserve Army in 1940, he was commissioned in the Active Army and retired with the rank of Lieutenant-Colonel with the O.B.E. He was also mentioned in despatches. He held numerous high executive positions in the Canadian Army Overseas, including Assistant Director of Ordnance Services, Canadian Army Headquarters in the summer of 1945.

(2) **Promotion.**—Frank Gilbert, formerly Supervisor of Postal Service, Grade 1, Railway Mail Division, Communications Branch, has been promoted to Superintendent, Services, Methods and Examinations Division, Operations Branch.

(3) **Air Stage Service, Mont Joli, P.Q.—North Shore of the St. Lawrence discontinued.**—The Air Stage Service, Mont Joli-North Shore of the St. Lawrence (C.A.M. 42 in Air Mail Schedules) has been discontinued.

The Air Parcel Post Service, Mont Joli-Baie Comeau, P.Q., has also been discontinued.

A daily except Sunday Air Stage Service (C.A.M. 42A), is now in operation over which first class mail only is carried.

Other classes of mail to and from the North Shore of the St. Lawrence are conveyed by surface transport at ordinary postage rates.

(4) **Summer Mail Service to Yukon.**—Navigation in the Yukon is expected to open about May 28. Surface conveyance of mail in the Yukon will then be resumed and Summer Service Parcel Post rates to the Yukon will be in effect.

Postmasters will please give the above every publicity through the press and otherwise.

(5) **Leamington-Pelee Island Air Stage Service.**—Postmasters are reminded that during the season of navigation which opened on 5th April, only first-class mail and daily newspapers are carried by air between Pelee Island and the Mainland (see C.A.M. 43 Air Mail Schedules). The rates of postage are as follows:—

First-Class Matter..... 4 cents first ounce, 2 cents each ounce after.

Second-Class Matter..... 1 cent per 4 ounces, or fraction of four ounces to each separate address when mailed by the public. 4 cents per pound when mailed by publishers.

(6) **Sault Ste. Marie-Cockburn Island Air Stage Service discontinued.**—The winter air stage service operating between Sault Ste. Marie and Cockburn Island, Ontario, C.A.M. 50 in Air Mail Schedules, has been discontinued.

(7) **Letter Carrier Delivery Service Established at Dundas, Ont., Port Alberni, B.C., and Vernon, B.C.**—Letter carrier delivery service has been established at Dundas, Ont., Port Alberni, B.C. and Vernon, B.C., and the names of these Post Offices should be added in alphabetical order to the list in Section 11, page 15 of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger. (See also Section 123 of the Postal Guide regarding special delivery of parcels.)

(8) **Similarity in Post Office Names.**—The Postmaster at Mankota, Sask., reports that a considerable number of letters addressed to Mankato, Minn., U.S.A., are being mis-sent to his office.

Care should be exercised in the sortation of mail for Hague, Sask., and Hagen, Sask.; Hosmer, B.C., and Howser, B.C.

Care should also be exercised in the sortation of mail for Wandsworth, Sask., and Woodnorth, Man., also for St. Benoit du Lac, Brome County, P.Q., and St. Benoit-Labre, Beauce County, P.Q.

The Postmaster, Carmangay, Alberta, reports that considerable mail matter is being received at his office addressed to Carmanguez, Cuba.

Care should be exercised in the sortation of mail for these points.

(9) **Postmarks and Date Stamp Impressions.**—There is a growing tendency among philatelists and postmark collectors to make direct application to Postmasters and Railway Mail Clerks for impressions of P.O. and R.P.O. date-stamps and for samples of facing slips bearing date-stamp impressions.

As compliance would be contrary to established procedure, such requests are not to be complied with, and letters containing applications of this nature, covers or other enclosures, are to be returned to the applicants with a suitable notation.

There is, of course, no objection to the date-stamping of properly addressed letters posted in the regular way.

(10) **Postage Stamps in Handy Forms.**—Here is an excellent opportunity for Postmasters and wicket clerks to conserve working time and to save their patrons time by influencing them to purchase their stamps in booklet form. It might be suggested to the patrons that having a booklet of stamps makes it handy to correspond because a letter can be stamped as soon as written and be ready for mailing without delay.

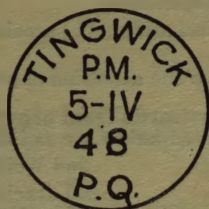

A booklet also protects the purchaser from loss by preventing the stamps from being damaged or stuck together when carried in purse, vest pocket or wallet. Stamps in convenient booklets are far less likely to be mislaid or lost than when carried loose.

These points can be stressed when recommending the purchase of the booklets, especially to those who generally carry stamps with them.

(11) **In future the Month of the Year shown in Post Office Date Stamps will be indicated by Roman Numerals.**—It is the intention of the Department eventually to use Roman numerals to indicate the month of the year in Post Office date stamps, e.g., 5-IV-48.

This will only be done at all Post Offices as the present type becomes exhausted. A start has already been made in the province of Quebec.

A sample impression of a date stamp, showing the month in Roman numerals, is hereunder.

(12) **Canada Air Letter.**—Due to the high cost of handling, air transportation and material, it was necessary last year to slightly reduce the size of the new postage imprinted Canada Air Letter Form.

Since that time, its make-up and other factors governing the operation of this particular service have been receiving constant study, which has permitted the return to the former size. This latest form is now available for distribution as required.

Requisition for the new forms should be made in the usual way, before the supply of the old forms is exhausted, but every precaution is to be taken to see that the previous issue is sold out before the new form is made available to the public.

Postmasters and all concerned are to take any action necessary to ensure compliance with the above instructions.

(13) **China—"Air Letter" Service.**—Information has been received from the Postal Administration of China to the effect that an "Air Letter" service, utilizing forms somewhat similar to Canada Air Letters, is to be inaugurated from China in the near future. These forms cannot be registered and no enclosure is permitted.

When received in this country such forms are to be given air transmission to destinations and the usual treatment for delivery to the addressees.

(14) **Correspondence Prepaid at Former Partial Air Mail Rates to be Accorded Surface Transmission from Canada.**—Reference is made to the notice appearing in Weekly Bulletin of March 1st, 1947, in regard to the cancellation of the partial air mail services for air correspondence addressed to overseas destinations.

Notwithstanding the action taken to tax such air mail double the postage deficiency at the air mail rate applicable, and forward it by air from Canada, correspondence prepaid at the former partial air mail rates continues to be posted.

As sufficient time has elapsed for the general public to be advised of the cancellation of the partial air mail services, such letters will no longer be taxed and forwarded by air but will, in future, be included in the appropriate surface despatch from Canada.

It should be specially noted that the above does not imply the resumption of the services which provided air mail transport in Canada and surface transport to overseas destinations.

(15) **Exportation of Gold by Mail.**—Postmasters are reminded that the exportation of gold coin, gold bullion or fine gold bars from the Dominion of Canada is specifically prohibited except under licence issued by the Minister of Finance to a Canadian Chartered Bank. It should be noted that all such shipments also require a licence issued by the Foreign Exchange Control Board, forms for which may be obtained on application to any chartered bank.

Postmasters must carefully scrutinize any items addressed to the United States or to any other country which may possibly contain gold.

(16) Mail Service to China.—Information has been received from the Postal Administration of China that mail service is now in operation to the following offices in the province of Shantung:—

(17) Postal Service to Palestine Suspended.—Advice has been received that effective immediately all mail services by surface route to Palestine are suspended. Air Mail service will be continued for the present.

Imperial Reply Coupons will not be exchanged at Post Offices in Palestine after the 30th April next but the International Reply Coupon service is still in operation.

It should be specially noted that mail including gift parcels may still be sent to members of the British Armed Forces and Palestine Police Force.

Postmasters will please bring the above to the attention of prospective mailers wherever possible.

(18) Rates of postage on letters and postcards from other countries to Canada.—The rates of postage on letters and postcards from the countries listed below are as follows:—

INFORMATION FOR POSTMASTERS

(1) **Promotion.**—Mr. Norman H. MacDonald, formerly Assistant Superintendent, Financial Branch, has been promoted to Chief Inspector of Postal Service, Administration Branch, effective 8th January 1948.

(2) **Letter Carrier Delivery Service Established at Fort Erie, Ontario.**—A letter carrier delivery service has been established at Fort Erie, Ont., and the name of this post office should be added in alphabetical order to the list in Section 11, Page 15 of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger. (See also Section 123 of the Postal Guide regarding special delivery of parcels).

(3) **Transmission of Honey Bees by Parcel Post.**—Postmasters are informed that honey bees must not be accepted for transmission in the mails if baggage car service or catch-post service is necessary. Shipper should consult the District Post Office Inspector for information as to places to which honey bees may be sent. (See Section 139 of the Postal Guide.)

(4) **Despatching Special Delivery Letters.**—Since 1943 (see P.O. Weekly Bulletin No. 1161, June 5, 1943) despatching post offices have not been required to either date stamp and initial, or to indicate on special delivery facing slips (form S.D.4) the number of special delivery letters being despatched.

When being despatched special delivery letters are to be placed on top of an appropriate letter package and form S.D.4 wrapped around the entire package. The sole object of form S.D.4 is to enable the post office of delivery to "spot" letter packages containing special delivery items immediately the bag is dumped.

As the name of the post office of delivery is no longer written on form S.D.4, a letter plainly addressed to the post office of delivery, with the address turned to the outside, is to be placed on top of form S.D.4. Thus, three sides of the yellow and red special delivery facing slip or wrapper will still be prominently enough displayed so that packages containing special delivery mail can be readily "spotted" or identified.

(5) **Notice to Boxholders.**—The Department has decided to adopt uniform rates of rental for lock boxes and drawers and has instructed Postmasters to collect rentals covering periods commencing on or after the 1st April 1948 on the following basis:

Type A and boxes with frontal areas up to 30 sq. ins.....	\$ 2.00
Type B and boxes with frontal areas of from 31 to 54 sq. ins.....	\$ 3.00
Type C and drawers with frontal areas of from 55 to 108 sq. ins.....	\$ 5.00
Type D and drawers with frontal areas of from 109 to 216 sq. ins.....	\$ 8.00
Type E drawers with frontal areas of over 216 sq. ins.....	\$10.00

In cases where rentals covering periods in the present fiscal year were paid at other than these rates, an adjustment will be necessary. Boxholders who have paid less than the above rates will be asked to pay the difference between the amount already paid and the amount required under the new rate. Boxholders who have paid more than these rates for any period after the 1st April are entitled to a refund.

(6) **Reason for Non-delivery must be indicated on Letters and other Articles sent to the District Dead Letter Office or Returned to Senders.**—Postmasters are again reminded of the importance of stamping, with the Post Office date-stamp, undeliverable letters and other articles sent to the District Dead Letter Office, or returned to senders, and marking on the covers of such letters or articles the reasons for non-delivery (such as "Not called for", "Refused", etc.)—See Section 221, Page 56 of the Canada Official Postal Guide.

(7) **Similarity in Post Office Names.**—The Postmaster, Chase, B.C., reports that mail addressed to Chasm, B.C. and Chase River, B.C., both non-post office points, is frequently missent to his office, Chasm, B.C., is served from Squamish and Quesnel R.P.O. and Chase River, B.C., is served from Nanaimo, B.C.

The Postmaster, Blueberry Creek, B.C., also reports that mail addressed to Blueberry Camp, Mile 101 Fort St. John, B.C. is being missent to his office.

The Postmaster, New Hamburg, Ont., reports that a considerable amount of mail is being received at his office addressed to Newbury, Ont., and Newburg, Ont.

The Postmaster, St. Joachim, Ont., also reports that mail addressed to Rapides des Joachims, P.Q., is being missent to his office.

Care should be exercised in the sortation of mail for these offices.

(8) **Air Mail to Oceania.**—Air mail originating in Canada addressed to Oceania (Australia, New Zealand, Fiji, etc.) is in future to be routed to "Vancouver GPO" and not on "Vancouver AMF" as at present.

Postmasters should amend accordingly the information incorporated in loose leaf schedule for Trans-Pacific AMS (Australian National Airways).

(9) **Norway—Aerogram ("Air Letter") Service.**—Effective immediately, the Postal Administration of Norway is introducing an aerogram service utilizing forms somewhat similar to Canada Air Letters. These forms may be registered for an additional fee, but cannot contain enclosures.

When received in this country, such forms bearing 60 öre postage imprinted, are to be given air transmission to destination, and the usual treatment for delivery to the addressees.

(10) Trinidad and Tobago—Import Restrictions.—According to information furnished by the Postal Authorities of Trinidad, gift parcels not exceeding \$10.00 in value received there from other countries will be permitted delivery without an Import Licence from their Control Board.

Mailers of gift parcels exceeding \$10.00 in value and the senders of commercial consignments regardless of value, should, therefore, be advised to contact the addressees in Trinidad, before posting the articles to make certain that entry will be permitted in the country of destination.

(11) Weight to be indicated on Parcels for Overseas Destinations.—Information has been received that in certain cases those concerned are failing to indicate the gross weight in pounds and ounces on parcels for overseas destinations, in the space provided for the purpose on the adhesive Customs Declaration form 91B, or if there is no such space, immediately above this form, as required by the notice in the Weekly Bulletin of 25th October 1947. This procedure is not necessary in connection with parcels for the United Kingdom or the United States.

Postmasters are, therefore, requested to remind those concerned in their offices in order to comply with this requirement.

(12) Customs Declaration Forms 15B forwarded with Parcels to other countries must be fully completed.—Reference is made to the notice in the Weekly Bulletin of 28th February, regarding Customs Declaration Form 15B and Despatch Note form 16B which accompany parcels to other countries.

The Postal Administration of the Netherlands has informed the Department that these forms received with parcels from Canada are not always properly completed with the result that Customs handling is retarded seriously in that country and delivery of the articles to the addressees is consequently delayed.

All concerned should, therefore, inquire when accepting parcels for delivery in other countries whether the forms in question are fully completed, to show the contents in detail with the value and net weight of each article, as well as the gross weight of the parcel. Mailers should be warned that failure to comply with these requirements of the country of destination might involve not only delay in delivery but even confiscation of the parcel. Responsibility in the matter rests entirely with the mailers.

(13) Registration Service to Germany.—Registration service to Germany is now available for the following articles: letters, letter packets, postcards, commercial papers and samples.

(14) Guatemala—Mail Service.—Information has been received from the Postal Administration of Guatemala that, as a temporary measure, all official correspondence originating in that country addressed for delivery abroad will bear, instead of postage stamps, the impression of a rubber stamp with the following wording in the French language:

CORRESPONDANCE OFFICIELLE
GOUVERNEMENT DE GUATEMALA
PAS DE PORT POUR MANQUE DE TIMBRES-POSTE.

Such mail received in Canada should be delivered without charge.

(15) Mail Service to Japan—Printed Matter.—Mail service to civilians in Japan has now been extended to include printed matter such as books, magazines and all other articles transmissible as prints in the International mails, without restriction as regards subject matter.

The normal weight limit of 4 lb. 6 oz., the rate of 1c. per 2 oz. or fraction thereof, and the other usual conditions of mailing will apply.

(16) Mail for Newfoundland—Labrador.—Mail for Newfoundland—Labrador should be routed via St. John's, Newfoundland, up to November 30th next instead of being forwarded on Quebec for despatch via Lourdes du Blanc Sablon.

(17) Parcel Post Rates to Ethiopia.—As a result of the revision in the charges which Canada is required to pay for the conveyance of parcels forwarded via the United Kingdom and Aden to Ethiopia, the rates of postage have been altered and, effective 1st June, 1948, will, until further notice, be as follows:

UNITED KINGDOM AND ADEN

1 lb.....	\$0.70
2 lb.....	0.85
3 lb.....	1.35
4 lb.....	1.45
5 lb.....	1.60

6 lb.....	\$1.70
7 lb.....	1.80
8 lb.....	2.20
9 lb.....	2.35
10 lb.....	2.45

Over 10 lb. up to 15 lb.
\$3.75

Over 15 lb. up to 20 lb.
\$4.25

Parcels cannot be insured.

(18) Resumption of Parcel Post Insurance Service to Burma and Malta.—Commercial parcels from Canada for Burma and Malta may now be accepted for insurance.

The insurance service to Burma is limited to parcels for Rangoon only.

Gift parcels for these countries cannot be insured.

(19) **China—Parcel Post Service to Province of Kwangtung.**—Information has been received from the Postal Administration of China, that, owing to present conditions the parcel post service to the post offices in the provinces of Kwangtung mentioned below, is temporarily suspended.

(20) **China—Parcel Post Service to Manchuria Suspended.**—Owing to present conditions in that territory, the parcel post service to the whole of Manchuria, including the districts of Changchun, Chinchow and Liaoning, remains suspended.

Parcels for destinations in Manchuria must not be accepted and appropriate explanations should be made to inquirers.

(21) **Rates of postage on letters and postcards from other countries to Canada.**—Postmasters are advised that effective the 1st May 1948 the rates of postage on letters and postcards from the countries listed below are as follows:

INFORMATION FOR POSTMASTERS

(1) **Promotions.**—Mr. J. L. A. Gagnon, Superintendent, Land Mail Services, has been promoted as Regional Director of Postal Service, Quebec Region, effective 1st April, 1948, to replace Mr. J. A. Pouliot who has retired.

Mr. Sarto Chartrand, Postal Supervisor, Grade 5, Montreal, P.Q., has been promoted to Supervisory Inspector, Administration Branch, Post Office Department, Ottawa, with effect from 3rd May, 1948.

(2) **Transfer to Positions.**—A. W. Dingle and T. J. Reilly have been transferred to the positions of District Post Office Inspector at Calgary and Edmonton, respectively, effective the 1st February, 1948.

(3) **Changes in Postal Regulations effective 1st July, 1948.**—The Universal Postal Union Convention, signed at Paris in July, 1947, will come into effect on the 1st July, 1948, and correspondence for and from places abroad posted on and after that date will be subject to the provisions of the new Convention.

This will result in the following changes in our regulations:

Printed Matter and Commercial Papers—Limits of Weight—

The maximum limit of weight for a packet of printed papers and commercial papers is increased to 6 pounds 9 ounces. The maximum limit of weight for a single book is increased to 11 pounds.

Samples—

Samples enclosed in transparent packing are added to the articles which may be sent at the sample rate in sealed covers.

Indemnity for Loss of Registered Articles—

In case of loss of an article accepted for registration under the provisions of the Universal Postal Union Convention (except in cases beyond control), the maximum amount of indemnity payable to the sender has been fixed at 25 gold francs (\$8.17).

Registration Certificate—

In connection with the above Postmasters and issuing Clerks will alter the amount of indemnity of \$9.65 at present indicated on the certificate by substituting in ink the amount of \$8.17 before issuing this receipt to the public.

Unpaid and Insufficiently Prepaid Letters and Postcards—

When letters or postcards unpaid or insufficiently prepaid are habitually mailed in large numbers, such articles may be returned to the sender for the prepayment of proper postage.

AS A RESULT OF THE ABOVE CHANGES THE FOLLOWING AMENDMENTS SHOULD
BE MADE IN WORKING COPIES OF THE CANADA OFFICIAL POSTAL GUIDE, 1947

PAGE 8—TRANSIENT NEWSPAPERS AND PERIODICALS—LIMIT OF WEIGHT—

Under the above heading, opposite the entry "United States and Mexico" replace "4 lb. 6 oz." by "6 lb. 9 ounces".

PAGE 9—PRINTED MATTER—

In the column relative to Printed Matter and Commercial Papers, the reference to the maximum limit of weight as regards the United States and Mexico and Great Britain, Empire Countries, France, etc., should be amended to read "6 pounds 9 ounces".

The limit of weight for a single book in the entry opposite Great Britain, etc., should be amended to read "11 lb."

PAGE 66—SECTION 313—

Add as a second paragraph, "when letters or postcards unpaid or insufficiently prepaid are habitually mailed in large numbers, the sender should be advised of the correct amount of postage required and an endeavour made to collect proper postage."

PAGE 70—SECTION 340—

First paragraph—delete "4 pounds 6 ounces", substitute "6 pounds 9 ounces".

Amend the second paragraph of Section 340, to read "The maximum weight of a single book sent to places outside Canada is 11 lbs."

PAGE 70—SECTION 354—

Second line—delete "4 pounds 6 ounces", substitute "6 pounds 9 ounces".

PAGE 70—SECTION 357—

Fourth line—after "opened", add "samples enclosed in transparent packing may be sent at sample rate in sealed covers."

PAGE 73—SECTION 369—

Third line—delete "50 francs (\$9.65)", substitute "25 francs (\$8.17)".

Amend Section 371—last line by substituting "\$8.17" for \$9.65".

PAGE 73—SECTION 375—

Second line—delete "4 pounds 6 ounces", substitute "6 pounds 9 ounces".

PAGE 78—SECTION 404—

Third line—delete "4 pounds 6 ounces", substitute "6 pounds 9 ounces".

(4) **Mail Service with Colombia.**—Information has been received from the Postal Administration of Colombia that owing to losses in a fire in their offices at Bogota, special postage stamps surcharged 1, 2 and 20 centavos, issued in aid of the reconstruction of their buildings will be used for the prepayment of postage on matter from that country. These stamps will bear the letter "C" and will be valid for the prepayment of ordinary postage for an indefinite period.

Such matter received in Canada should be delivered without charge in the usual way.

(5) **Mail Service to the Netherlands West Indies.**—With reference to the notice published in the Weekly Bulletin of the 8th November, 1947, concerning the temporary suspension of service for letter packets containing articles of commercial value to the Netherlands West Indies, information has now been received from that Administration that this suspension applies not to letter packages addressed to these Islands but to such matter mailed there for other countries.

Enquirers should be advised accordingly.

(6) **Belgian Congo—Articles of Silver, Gold, Jewelry, etc., not to be mailed by Parcel Post.**—The Postal Administration of the Belgian Congo has given notice that in future uninsured parcels received in their service from other countries, containing articles of silver, gold, jewelry, etc., will be returned to origin.

As the insurance service for parcels mailed in Canada does not extend to the Belgian Congo, the parcel post service cannot be used for shipment of the articles in question. Mailers should, therefore, be advised to make such consignments by registered letter packets. The green customs label No. 185 is of course to be completed and affixed to such packets.

(10) Parcels for Newfoundland to be fully Prepaid.—Advice has been received that many shortpaid parcels are being mailed for delivery in Newfoundland.

Postmasters and all concerned are therefore requested to exercise particular care in accepting parcels for Newfoundland to see that they are fully prepaid at the rate of 12c. per lb. up to 10 lb.; \$1.50 for parcels over 10 up to 15 lb.; and \$2.00 for those weighing over 15 up to 20 lb.; as indicated in this Supplement to the Postal Guide.

MONEY ORDER INFORMATION

MONEY ORDER SERVICE WITH CHINA

In connection with the notice pertaining to direct Money Order Service between Canada and China published in weekly Bulletin No. 1412 of the 27th March, 1948, and Monthly Supplement to the Canada Official Postal Guide for the month of May, 1948, the following alteration is to be made:

In last line of paragraph commencing—"The amount may be sent—delete the word "as" between "Money Order Return" and "commission" and substitute the words "in addition to the regular foreign".

MONEY ORDER SERVICE WITH PAKISTAN

The Money Order Service between Canada and Pakistan is conducted via Great Britain and India. In addition to the usual fee of 2d. (pence) for each £ (pound sterling) or fraction thereof with a minimum fee of 4d., charged by the British Postal Department for intermediary services, a further charge of about one per cent of the amount of each order will be made by the Indian Postal Administration.

In the "List of countries on which Money Orders may be drawn" in the Book of Financial Procedure for Accounting Post Offices, and also on page 181 of the Canada Official Postal Guide for 1947, the following change must be made:

After "Oubangi-Chari" insert "N-Pakistan—via England."

MONEY ORDER SERVICE WITH THE NETHERLANDS

The maximum amount for which a Money Order may be issued for payment in the Netherlands is the equivalent of \$10.00 in Canadian currency.

At the present rate of 1 florin equals .38 cents, the equivalent of \$10.00 is 26 florins 32 cents.

MONEY ORDER SERVICE WITH PERSIAN GULF PORTS

The following alterations are to be made in the "List of countries on which Money Orders may be drawn" in the Book of Financial Procedure for Accounting Post Offices and also on page 181 of the Canada Official Postal Guide for 1947:

Before "Persian Gulf Ports"—delete the letter "C" and substitute the letter "N".

After "Persian Gulf Ports"—delete "Guadur".

MONEY ORDER SERVICE WITH POLAND RESUMED

Money Order service between Canada and Poland will be resumed as from the 1st July, 1948.

In accordance with the regulations of the Foreign Exchange Control Board of Canada remittances to Poland may only be made for the following purposes:

- (i) Payment for small imports of goods.
- (ii) Payment for personal expenses such as insurance premiums, subscriptions for periodicals, subscriptions to clubs, societies, etc.

- (iii) Charitable donations such as personal gifts (birthday, wedding or Christmas gifts or other gifts of a similar nature) remittances for the support of a resident of Poland and for religious and missionary purposes.

The amount will be advised to Poland in United States dollars and conversion into Polish money will be made in Poland at the rate of exchange in effect on the date on which the advice list is received. At present the rate is \$1.00 equals 398 zlotys.

The amount which may be sent by any one remitter in any calendar month must not exceed the equivalent of \$10.00 in United States currency. As such orders will be issued in United States currency, exchange of one-half per cent must be collected and reported on form M.O. No. 12 $\frac{1}{4}$ (H) P.M., as in the case of an order drawn on the United States, and accounted for in the Money Order Return in addition to the regular foreign commission.

The Money Order receipt only is to be given to the sender and the order with coupon attached and an advice form M.O. No. 27 P.M. are to be sent to the Money Order Exchange Office at Ottawa in envelope M.O. No. 9 P.M. together with a Remitter's Application Form M.O. No. 1 P.M. prepared by the sender, showing the complete name and address of the payee.

In the "List of countries on which Money Orders may be drawn" in the Book of Financial Procedure for Accounting Post Offices and also on page 181 of the Canada Official Postal Guide for 1947 the following change must be made:

After "E-Poland" delete the word "Suspended" and substitute the word "direct".

As all advice lists are despatched via Air Mail without extra cost to the sender, it is not necessary for Postmasters to forward postage stamps in payment of Air Mail fee.

INFORMATION FOR POSTMASTERS

(1) **Acceptance of Queen Bees for Air Mail Transmission.**—Effect ve immediately, queen bees and their attendant bees may be accepted for transmission over Air Mail services to places in Canada and the United States when prepaid at the regular air mail rate of postage.

The attention of Postmasters is directed to the first paragraph of Section 139 of the Canada Official Postal Guide, in which is outlined the conditions under which queen bees may be sent by post.

Shipments of queen bees forwarded by air mail should be despatched as quickly as possible and delivered to the addressee promptly upon arrival at the office of destination.

It should be made quite clear to all persons desiring to forward queen bees by air mail that while the postal service will do all that is possible to ensure the safe arrival of these shipments at destination, the Department will not be responsible for any deterioration or loss that may occur en route due to weather conditions or other reasons beyond control.

It should also be specially noted that queen bees only may be despatched by air mail. Honey bees are not to be accepted for transmission by air mail.

(2) **Similarity in Post Office Names.**—The Postmaster, Vega, Alberta, reports that a considerable amount of mail is being misssent to his office addressed to Vega Alta, Puerto Rico.

Care should be exercised in the sortation of mail to these offices.

(3) **Correspondence Courses.**—In connection with the Correspondence Courses available to postal employees through the Department of Veterans Affairs, arrangements have been made whereby the Certificates of Achievement issued to those who have successfully completed a Course will be forwarded to the students by the Chief, Training and Welfare, Administration Branch.

The achievement will be recorded in the Department and the Postmaster concerned will be notified.

(4) **Commission on the Sale of Post Office Rural Directories.**—Under the new method of payment, the annual amount paid to Postmasters covers all the work which they are required to perform, assistance being provided where necessary. Consequently, commissions formerly granted for particular services, such as sale of Postal Notes and issue of Money Orders, including the amount heretofore allowed on the sale of Rural Directories, will no longer apply.

Postmasters will therefore remit the full amount collected for Rural Directories sold to the District Post Office Inspector or enter the full amount in the Cash Account, as the case may be.

(5) **Dual Purpose Envelope.**—A "Dual purpose envelope" has been authorized for use in diverting undelivered mail to the Dead Letter Office. This envelope replaces all accounts and envelopes now in use for this purpose. English and French versions have been prepared bearing Nos. 1 D.L. (g) and 1½ D.L. (g), respectively. They are now available in ample supply and requisitions for them should not be delayed.

In preparing the new envelope Postmasters are asked to—

- (a) date-stamp the envelope legibly in the space provided for this purpose on the facing;
- (b) indicate the name of the receiving office in the space designated;
- (c) serially number the envelopes consecutively, commencing with No. 1 on the 1st April each year;
- (d) initial the envelopes so as to indicate responsibility for the preparation of the returns;
- (e) detail the contents as called for in the space provided for the purpose;
- (f) use envelopes as facings when returns are sufficiently large to require special wrapping;
- (g) enclose registered letter bills when registered mail is included and register the returns to the Dead Letter Office.

(6) **Removal of Postage Stamps from Mail.**—Owing to a number of very flagrant cases which have been brought to the attention of the Department involving the removal of postage stamps from Air Mail and registered letters, Postmasters and postal employees are again reminded of the serious nature of this offence as set forth in Section 89 of the Post Office Act which reads as follows:—

"Every one who, with fraudulent intent, removes from any letter, newspaper, or other mailable matter sent by post, any postage stamp which has been affixed thereon, or wilfully, with intent aforesaid, removes from any postage stamp or post card, post band or wrapper which has been previously used, any mark which has been made thereon at any post office, is guilty of an indictable offence."

(7) **Proper Care of Mailable Matter.**—While it is generally recognized that it is unlawful to wilfully keep, secrete, delay, detain, destroy or damage a letter passing through the mails, yet cases of the mistreatment and improper disposal of articles of mail, other than letters, which have come to the attention of the Department recently, indicate that some Postmasters, postal employees and rural mail delivery couriers, do not thoroughly understand their responsibilities as regards the sanctity or inviolability of all articles of mailable matter which may pass through their hands in the course of duty.

Mailable matter includes any letter, packet, parcel, newspaper, book or other thing which may rightfully be sent by post and each piece of mailable matter must be dealt with in accordance with postal regulations.

In some instances postal personnel, however, appear to be under the impression that a newspaper or a piece of third class matter such as a sample, a catalogue or a circular, or a small packet of merchandise such as seeds, cuttings, bulbs or other matter, which for some reason may be undeliverable, is not important enough to be treated with the same care as a letter.

THIS ATTITUDE IS ENTIRELY WRONG.

The theft or wilful destruction of, or damage to, any article of mail which has been entrusted to the Post Office even though it may be an undeliverable circular (Householder or separately addressed) or a sample of any kind or a catalogue, or any other thing, is just as much an indictable offence as to so treat a letter and anyone found guilty of such conduct is liable to punishment under the Criminal Code.

(8) **Book-general information for post-masters (french).**—The revised book "RENSEIGNEMENTS "GÉNÉRAUX POUR LES MAÎTRES DE POSTE", is now available and will be distributed to each French-speaking Postmaster of accounting and non-accounting Post-Offices on the revenue basis.

This book contains two errors which are brought to the attention of Postmasters.

At page 3, the list of new section numbers is to be deleted and replaced by the following numbers:

68	287(a)
115	434(a)
168(a)	457
168(b)	588
168(c)	695
230	751

Under section 122, at page 16, the diagram of a Letter Bill (form 2G) has inadvertently been omitted.

To correct these errors, inserts are being prepared and, as soon as available, will be forwarded to Postmasters supplied with the 1948 French edition of the book, to be affixed over the "Avis Spécial (Special Notice)" at page 3, and opposite section 122 on the reverse side of page 15.

(9) **Germany—Air Mail Service.**—Information has been received that a restricted air mail service from the British and United States Zones of Germany to other countries is now in operation.

Business correspondence whether registered or not is accepted for air transmission only from specially designated commercial concerns. In addition to ordinary postage of 50 Rpf. for the first ounce, and 30 Rpf. for each additional ounce, the articles are liable to an air surcharge of 100 Rpf. per half ounce, or fraction thereof.

Other mailers are restricted to the use of official air letters forms bearing in red type the words

“Taxe perçue 100 Rpf.
Deutsche Post.”

Such air mail received in Canada prepaid at the rates mentioned is to be given the usual treatment for delivery to the addressees.

(10) **Gift Food Parcels to the United Kingdom.**—Under International Postal Regulations parcels received from abroad which fail of delivery are returned to origin at the sender's expense, unless the Customs Declaration bears his instructions to deliver at an alternative address or to abandon.

In the case of gift food parcels returned from Great Britain, the senders are often dissatisfied because of the urgent need of food in that country, as well as the return charge involved.

In view of these circumstances, arrangements have been made whereby gift food parcels received in Britain, which prove undeliverable, will not in future be returned in the absence of the mailer's disposal instructions, but will be distributed to charitable institutions and needy persons after being held for the normal period of three months.

The attention of Canadian mailers should be directed to the above arrangement, which applies only to food parcels. They should be reminded to use the yellow sticker on such parcels, and if none are available, to mark them “Gift Food Parcel”. An alternative address should, if possible, be shown on the Customs Declaration form, or an indication given that the article is to be abandoned in the event of non-delivery. If the return of the parcel is desired, this should be indicated on the form.

(11) **Customs Treatment of Gift Parcels in Yugoslavia.**—The Postal Administration of Yugoslavia has advised that gift parcels addressed to that country are now subject to customs examination.

Customs duties are not, however, collected on clothing, linen and footwear which bear plain evidence of use. Gift articles of food are also admitted free of duty, but the quantities of the following articles entitled to this privilege are limited as indicated below:

Coffee.....	2 lb. 3 oz.
Cocoa.....	2 lb. 3 oz.
Tea.....	2 lb. 3 oz.
Pepper.....	8 oz.
Vanilla.....	3 oz.
Cinnamon.....	3 oz.

Quantities of these articles exceeding the limits mentioned are subject to the usual customs charges in Yugoslavia.

Whenever possible the attention of mailers should be directed to these regulations of the Yugoslav import authorities.

(12) **Great Britain and Malaya: International Form C1 (Green Customs Label).**—Owing to difficulty in securing supplies of green paper, the Postal Administrations of Great Britain and Malaya have found it necessary to use Form C1 (green customs label affixed to dutiable articles in regular mails), printed in green type on WHITE paper.

Accordingly, articles bearing such labels observed in the mails from these countries, are to be diverted to Customs for examination in the usual way.

(13) **Letter Packets to Italy.**—Information has been received from the Postal Administration of Italy that, in addition to the green customs label No. 185, (which is completed and affixed to the face of letter packets containing dutiable articles), one copy, duly completed, of the non-adhesive Customs Declaration Form 15B must be enclosed in the package.

Mailers should, wherever possible, be informed of this requirement of the Italian import regulations.

(14) **Germany—Printed Matter Service to the French Zone.**—A restricted service for printed matter to the French Zone of Germany is now in operation. The only classes of printed matter permitted entry by the authorities there, are:

1. Articles of a personal or family nature such as visiting cards, birth, marriage and death notices.
2. Commercial articles: catalogues, prospectuses, etc.

These articles are admitted in accordance with the terms of the Paris Convention, but weighing up to 4 lb. 6 oz. only. Propaganda in the form of manifestos, tracts, brochures, etc., is strictly prohibited.

Further instructions will be issued as regards the resumption of service for books, newspapers and periodicals.

INFORMATION FOR POSTMASTERS

(1) **Increase in Domestic limit of weight for printed matter and transient newspapers and periodicals.**—As a consequence of the Universal Postal Union Convention signed at Paris in July 1947, the maximum limit of weight for printed matter and transient newspapers and periodicals, mailed in Canada for delivery in Canada, has been increased to 6 pounds 9 ounces effective 1st July 1948.

The following amendments should be made in the Canada Official Postal Guide:—

Page 8—In the column relative to transient newspapers and periodicals, the reference to the maximum limit of weight as regards Canada, should be amended to read "6 pounds 9 ounces".

Page 9—In the column relative to printed matter, the reference to the maximum limit of weight as regards Canada should be amended to read "6 pounds 9 ounces."

Page 25—Section 82—First paragraph—delete "5 pounds", substitute "6 pounds 9 ounces".

(2) **Yukon Parcel Post—Winter Service.**—During the winter season, approximately from October first to May thirty-first, parcel post to and from post offices in the Yukon will be suspended, except as follows:

CARCROSS, CHAMPAGNE and WHITE HORSE—Rates and Services the same as during Summer.

TESLIN—Via Alaska Highway M.V.S. 25 cents per pound or fraction of a pound (the year round).

CARMACKS, DAWSON, FORT SELKIRK, MAYO LANDING, STEWART RIVER and * WATSON LAKE—By air stage service at the rate of 30 cents for the first pound and 25 cents for each additional pound or fraction thereof. This special parcel post rate is also applicable to parcels for interior transmission in the Yukon between any two of these offices.

* Air stage service and special parcel post rate in effect the year round to and from Watson Lake.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon, other than the above, may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the winter season parcel post for the Yukon is accepted only at the rates, and within the limits specified above.

Postmasters will please give this the usual publicity.

(3) **Similarity in Post Office Names.**—The Postmaster, Arthur, Ontario, reports that considerable mail is being received at his office addressed to Athens, Ontario.

The Postmaster at Birch Island, B.C., reports the receipt at his office of a considerable quantity of mail addressed to Birch Island, Ont., a non-post office point served from White Fish Falls, Ont.

The Postmaster, Carleton Place, Ontario, also reports that mail is being received at his office addressed to Carlington, Ontario, and Carrying Place, Ontario.

Care should be exercised in the sortation of mail for these offices.

(4) **All-Up Service—Direct Registered Packages.**—So that registered letters not prepaid at Air Mail rate, which weigh over one ounce and are, therefore, not entitled to air lift under the All-Up service, may not be incorrectly given such service, Postmasters are instructed that in future when direct registered packages are made up at their offices, the address side of the registered package envelope is to be endorsed either "Surface" or "All-Up" according to the weight of the individual items enclosed therein.

In other words, no registered letter weighing more than one ounce is to be included in a registered package envelope which contains four or more registered letters each weighing one ounce or under and which are entitled to air lift under the All-Up service.

(5) **Lapsed Money Orders and Postal Notes must not be paid without Special Authority.**—All Money Orders and Postal Notes become lapsed one year from the last day of the month of issue and must not, therefore, be paid without the special authority of the Department as directed in Rule 53 of the Book of Financial Procedure for Accounting Post Offices.

It is essential, therefore, that the date of issue of Money Orders and Postal Notes be carefully examined, since under no circumstances may a lapsed Money Order or Postal Note be paid before the receipt of authority therefor and the payment of the validation fee.

(6) **Changes in Postal Regulations Effective 1st July, 1948.**—Attention is drawn to the notice in the July, 1948, Supplement to the Postal Guide containing changes in Postal Regulations effective 1st July, 1948.

THE LIMIT OF WEIGHT FOR COMMERCIAL PAPERS IS TO REMAIN UNCHANGED AT 4 LB. 6 OZ.

The notice in question should, therefore, be amended by the deletion of any reference to Commercial Papers wherever it appears.

Sections 375 and 404 should, therefore, be amended to read as follows:

SECTION 375—
The limit of weight for a package of Printed Matter addressed to Great Britain is 6 lb. 9 oz.; the limit of weight for a packet of Commercial Papers is 4 lb. 6 oz.; the limits of size: same as for letters. See Section 370.

SECTION 404—

The limit of size for Printed Matter and Commercial Papers exchanged with the United States is the same as for Postal Union Countries generally (Sec. 346). The limit of weight for Printed Matter addressed to the United States is 6 lb. 9 oz. For Commercial Papers the limit of weight is 4 lb. 6 oz. In the case of a single book the weight limit is 11 lb.

(7) **Gift Parcels to Greece.**—Reference is made to the notice published in the Weekly Bulletin of 13th March, 1948, regarding exemption from Customs duties in Greece applicable to gift parcels containing certain specified articles which are mailed before July 1, 1948.

The Postal Administration of Greece has now announced that this exemption will apply to such articles mailed until 31st August, 1948.

(8) **Gift Parcel Service to the Netherlands—Tobacco.**—Regulations now in force in the Netherlands allow importation of 400 cigarettes or 1000 grammes (2 lb. 3 oz.) of tobacco every month.

If, owing to delay in shipment, two parcels are received within one month, both these parcels shall be delivered on arrival, if it can be proved that no more than one parcel has been despatched monthly.

Postmasters should bring this to the attention of interested mailers.

(9) **Mail Service to the British, French, and United States Zones of Germany.**—

REGISTRATION SERVICE.—Normal registration service, that is for all classes of mail except parcel post, is now in effect to the British, French and United States Zones.

LITERATURE FOR THE BLIND.—The normal weight limit of 15 lb. now applies to literature for the blind to destinations in the British and United States zones. Reference should be made to the notice in the Weekly Bulletin of 7th June, 1947.

PRINTED MATTER.—The normal weight of 6 lb. 9 oz. applies to the restricted types of printed matter mailable to the French Zone. (See Weekly Bulletin 3rd July, 1948.)

(10) **Mail Service to Palestine.**—Effective at once ordinary (unregistered) letters and postcards only (surface and air) will be accepted for certain areas of Palestine via Haifa. Letters may not contain merchandise.

The postage rates will be as follows:

SURFACE MAIL—Limit of weight—4 pounds, 6 ounces.

Letters.....5 cents for the first ounce and 3 cents for each additional ounce or fraction thereof.

Postcards....3 cents.

AIR MAIL—Limit of weight—2 ounces.

Letters.....25 cents per $\frac{1}{2}$ ounce.

Canada Air Letters.....15 cents each.

INFORMATION FOR POSTMASTERS

(1) Air Stage Service—Churchill, Manitoba, to Chesterfield Inlet, N.W.T., via Eskimo Point and Tavanee.—An Air Stage Service has been authorized between Churchill, Manitoba, and Chesterfield Inlet, N.W.T., via Eskimo Point and Tavanee, on a schedule of three round trips per season of closed navigation, approximately from October 1st to April 1st.

Three flights will be performed approximately in December, February and April.

The rates of postage applicable to mail conveyed over this Air Stage Service will be as follows:—

First Class Matter.....4c. first ounce, 2c. each ounce after.

Second Class Matter.....When mailed by the public: 1c. per 4 ounces, or fraction of 4 ounces, to each separate address. When mailed from the office of publication or from newsdealers to subscribers, 4c. per pound.

Third Class Matter.....1c. per 2 ounces, or fraction of 2 ounces, to each separate address

Parcel Post.....15c. per pound, or fraction of a pound, up to and including 10 pounds.

\$1.80 per parcel over 10 pounds, up to and including 15 pounds.

\$2.40 per parcel over 15 pounds, up to and including 20 pounds.

\$3.00 per parcel over 20 pounds, up to and including 25 pounds.

N.B.—Eskimo Point and Tavanee are non-Post Office points.

(2) Parcels Prepaid at Parcel Post Rates Not Forwarded to Telegraph Creek, B.C. during the Season of Closed Navigation.—Postmasters are reminded that during the season of closed navigation, which extends approximately from the 1st October to the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at parcel post rates for Telegraph Creek, should be advised that the parcels will be held at Vancouver during the season of closed navigation.

(3) Teslin, Yukon—Parcel Post Service—Effective immediately, parcels mailed at or addressed for delivery at Teslin, Yukon, will be subject to postage at 25c. per pound or fraction of a pound.

This office is served via the Alaska Highway M.V.S. the year round. Previously, parcel post service to and from Teslin was discontinued during the Winter season.

(4) Correspondence Prepaid Surface Rate Endorsed for Air Transmission not to be Surcharged.—It has been decided not to surcharge any letters and postcards weighing one ounce or less prepaid at surface rate of postage which bear the words "Air Mail" or similar indication. Such items are to be included in the "All Up" mail.

(5) Similarity in Post Office Names.—The Postmaster, Boswell, B.C., reports that mail for the non-post office point of Boswell Cannery, Smith Inlet, Vancouver Island, B.C. is frequently being misssent to his office.

Boswell Cannery is served by string bag despatch from Vancouver, B.C.

Care should be exercised in the sortation of mails for these points.

(6) Model Dater Year Bands and Year Type.—The Equipment and Supply Division requests that those concerned carefully examine their model dater to find out if year "1949" appears on bands, and if not, the dater should immediately be forwarded to the Superintendent, Equipment and Supply Division, Ottawa, so that new bands may be placed thereon.

(7) Back Stamping of First Class Mail.—Effective immediately, back stamping of all letters received in incoming mails—previously required at all offices having an annual revenue of less than \$10,000—will only need be carried out at offices which have an annual revenue of less than \$3,000.

As for offices with an annual revenue of \$3,000 or over, only letters intended for delivery through the General Delivery will be date stamped on the back to show the date of receipt.

Section 181 of the book "General Information for Postmasters" is to be amended accordingly.

(8) Shortpaid Overseas Air Mail.—A considerable quantity of shortpaid Air Mail for overseas destinations is still being posted. Failure of the mailers to prepay such postage in full results not only in loss to the Canada Post Office, but also penalizes the addressees overseas, who, under International Postal Law, are required to pay double the deficient postage when the articles are delivered.

Canadian mailers are generally willing to co-operate in this matter and no opportunity should be overlooked to explain to them that the air mail rates to overseas destinations are based on the quarter-ounce unit of weight. Attention should also be directed to the necessity of distinguishing the regular air mail rates applicable to ordinary air correspondence from the special rates on Canada Air Letters to various overseas countries.

A clear understanding of these two aspects of the question should enable mailers to prepay their air correspondence correctly, and Postmasters and all others concerned are urgently requested to take any action possible in this regard.

(9) Addressing of Mail for China.—The Postal Administration of China has again advised that mail, including parcels, continues to be received in China bearing incomplete addresses.

In order to avoid non-delivery, it is most important that such articles bear the complete address in Roman characters (English, French, etc.), and it is advisable to have the details of the address shown also in Chinese characters, in order to facilitate delivery.

Persons offering mail for China should be advised accordingly.

(4) **Acceptance of C.O.D. Articles.**—Before accepting an article for mailing under the C.O.D. service, Postmasters must see that one of the yellow triangular stickers (C.O.D. sticker No. 4), properly completed with the C.O.D. number, amount due sender, and amount of money order commission, is securely affixed to the cover of the article.

Care should also be taken to see that the relative C.O.D. tag properly filled out with all details, is firmly attached to the article.

It is essential that the yellow triangular sticker be affixed to each C.O.D. article, otherwise, if the C.O.D. tag becomes detached from the article during the course of post, the item would be delivered without collection of the C.O.D. charges.

Postmasters should also check carefully all incoming mails with a view of ascertaining whether any C.O.D. articles are contained therein.

(5) **Care to be Exercised in Treatment of "Householder" Mail.**—An increasing number of complaints have been received in regard to the alleged mishandling of "Householder" mail.

"Householder" mail is in the same category as any other class of mail on which postage has been paid and the same care should be taken in effecting delivery of "householder" matter as that of individually addressed mail.

A serious view will be taken of any wilful or negligent handling of this class of mail in future, and Postmasters are, therefore, cautioned to particularly observe the following points:—

- Care must be taken to ensure that no householder receives more than one copy of a householder circular.
- "Householder" mail must not be left in places in the Post Office where it can be picked up by the general public.
- Surplus supplies of "Householder" mail should be promptly disposed of in accordance with the Postal regulations applying to undeliverable third class matter.

(6) **Theft from the Mails.**—Sections 364 and 365 of the Criminal Code, which deal with the theft of a post letter bag, post letter, chattel from a post letter, a parcel post parcel, or contents, also any Post Office key, have been amended.

Effective the 1st November 1948, persons convicted for contraventions of these Sections will be liable to imprisonment for life under Sec. 364 and seven years under Sec. 365 or for any term not less than one year.

It is to be specially noted that a conviction for an offence under either of these Sections committed on or subsequent to the 1st November 1948 will result in a minimum sentence of one year imprisonment.

(7) **Sale of Unemployment Insurance Stamps.**—At the present time when old unemployment insurance stamps are being exchanged for new, persons in possession of stolen stamps may attempt to exchange them for the new denominations. It is therefore more important than ever that Postmasters observe the following regulations:—

1. Unemployment Insurance stamps should not be sold or exchanged except where an employer's licence is produced. At the same time the employer must also present Employers' Requisition Forms, UIC 419-20 (bilingual) properly completed in duplicate, one copy of which is to be date-stamped, initialled and handed back to the employer, the other retained by the Postmaster.
2. The copies of Employers' Requisition Forms, UIC 419-20, which are retained by the Postmaster must be carefully date-stamped and filed, and despatched in envelope 699 or 700 (French), to the appropriate District Unemployment Insurance Auditor. At staff or semi-staff post offices where numerous unemployment insurance transactions occur, such forms should be despatched three times each week and at other offices, at least once each week.
3. It is the duty of the Postmaster to see that the employer's name, address and licence number on forms UIC 419-20 agree exactly with the relative information on the employer's licence and that the space on the requisition form, showing the number of their insurable employees is properly completed by the employer.

(8) **Book—General Information for Postmasters (French).**—Due to an oversight in the translation, section 136 of the 1948 edition of the French book "General Information for Postmasters" (PACKAGES TO BE SECURELY TIED) was not amended. Therefore, section 136 of the French edition does not convey the same idea as that given in the corresponding section of the English book.

For the benefit of Postmasters supplied with the French edition of the book, hereunder is section 136 of the French book as it should read:—

"136. ATTACHER SOLIDEMENT LES PAQUETS.—Il faut attacher très solidement les paquets de lettres afin qu'ils ne se défont pas dans le sac. Pour en être sur, on passera la ficelle autour du paquet une fois dans le sens de la longueur, ensuite deux fois dans le sens de la largeur."

All French copies of the 1948 edition of the book "General Information for Postmasters" should be amended accordingly.

(9) **Undeliverable Registered Matter.**—It has been brought to the attention of the Department that certain Postmasters are returning to the office of mailing undeliverable registered articles of domestic origin, which do not bear a "Request" or the senders' return address.

Postmasters are reminded that undeliverable registered mail of the above category is NOT to be returned to the office of origin, but is to be diverted with the usual return to the proper Dead Letter Office.

(10) **Postmarking Post Cards.**—The greatest possible care must be exercised at all times to see that post cards are properly "faced up" before being run through the cancelling machine.

Cases have been brought to the attention of the Department where the messages on the address side of pictorial cards have been so badly obliterated as to be practically undecipherable.

The same applies to cards other than pictorial post cards where there is the danger of obliterating a portion of the address when the cards are placed in the cancelling machine in the wrong way.

(11) **Parcels Originating Outside of Canada.**—The attention of all Postmasters and postal employees is again directed to the fact that no parcel or package originating in any country outside of Canada is to be delivered to the addressee unless it has been stamped by the Customs either "DUTY FREE" or "DUTY PAID".

Any such parcel or package found to be not so stamped MUST NOT BE DELIVERED but MUST BE FIRST SUBMITTED TO THE CUSTOMS FOR INSPECTION.

Cases have occurred where parcels and packages originating outside of Canada have been delivered to the addressees without the duty charges having been paid. Such instances have come to light in consequence of the addressees themselves taking the articles to the Customs to be inspected and to pay the duty chargeable thereon.

(12) **Christmas Mail for the United States—Merchandise Rates.**—Parcels of merchandise weighing up to 8 ounces—1 cent per ounce (with a minimum prepayment of 3c, which prepayment will cover a weight up to and including 3 ounces). Parcel Post weighing over 8 ounces and up to 10 pounds—14 cents per pound. Parcel Post weighing over 10 pounds and up to 15 pounds—\$1.75 per parcel.

U.S. CUSTOMS REQUIREMENTS (procedure to be followed)

Parcel Post up to 8 ozs. paid at 1c. per oz. rate (with a minimum prepayment of 3c, which prepayment will cover a weight up to and including 3 ounces)	} Enclose a Customs Declaration or Invoice, and affix a green label No. 185 to letter packets.
All packets paid at letter rate.....	
All packets paid at printed matter rate.....	
Parcel Post over 8 ozs., up to 15 lbs.:—	
(a) for non-commercial shipments.....	Affix a Customs Declaration.
(b) for commercial shipments.....	Affix a Customs Declaration and enclose an Invoice.

During the Christmas season there is an unusual parcel congestion at United States Customs points. ATTENTION TO THESE DETAILS WILL FACILITATE CLEARANCE THROUGH THE UNITED STATES CUSTOMS.

To ensure delivery before Christmas, parcels for the United States should be mailed not later than December 10th.

(13) Christmas Gift Parcels Mailed in Canada for delivery in the United States. Customs Regulations.—Postmasters are informed that according to information received from the United States Administration, their position in this matter is as follows:—

"No dutiable merchandise may be admitted free of duty on the grounds that it is intended as a gift or present. However, in order to obviate the cost of collecting relatively small amounts of duty on parcels of considerable value, customs officers are, by regulation authorized to pass free of duty parcels containing articles, the aggregate value of which is not in excess of \$1.00, except tobacco, cigars, cigarettes and snuff, provided the merchandise is not imported for sale nor forwarded in a manner designed to avoid the payment of customs duty."

In this connection, Section 49 of the United States Official Postal Guide reads as follows:—

"49—Customs regulations applicable to articles from abroad:—

- (b) no provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.
- (h) there is no provision of law or regulation whereby imported merchandise exceeding one dollar in value, whether sent as a gift or for other purposes, may be admitted free of duty if the merchandise falls within the dutiable schedules of the tariff act; furthermore, there is no authority for the free entry of samples generally, except that samples imported solely for use in taking orders for merchandise or for examination with a view to reproduction, and not intended for sale or for sale on approval, may be entered under bond for their exportation within 6 months from the date of importation, and this period may, upon application, be extended for a further period not to exceed 6 months (sec. 308 (3), Tariff Act of 1930)."

Enquirers should be informed in accordance with the above.

(14) Air Mail Rates.—In the Air Mail Rate Table dated 20th December, 1947 the following countries: Canary Islands, Cape Verde Islands and Madeira, are included in Group 6 under "Africa", to which the air mail rate is 25c. each quarter ounce.

These places should be deleted and included in Group 2—United Kingdom and Europe, the air mail rate to which destinations is 15c. each quarter ounce or fraction thereof.

Postmasters will please bring this reduction of the air mail rate to the attention of prospective mailers wherever possible.

(15)—Shortpaid Surface Letters to Trans-Atlantic Destinations.—Letters originating at offices across Canada, intended for surface transmission to points in Belgium, Italy, the Netherlands and Switzerland are reaching Montreal in large quantities prepaid at the rate, for British Empire countries, of 4c. for the first ounce and 2c. for each additional ounce, instead of the rate of 5c. for the first ounce and 3c. for each additional ounce applicable to other European destinations (except France and Spain).

Postmasters and all those concerned are requested to exercise special care to prevent the acceptance of such shortpaid articles; this will avoid the necessity of rating at the despatching exchange office, and loss of revenue to the Department.

The annoyance and expense involved to the addressees when their letters are taxed with double the deficiency, as required by International Postal Law, should be pointed out to mailers wherever possible, and an explanation given of the two different rates chargeable on surface letter to other countries.

(16) Prepayment of Air Mail from the British and United States Zones of Germany.—Mailers in Canada may, if they so desire, prepay replies by lightweight air letter, to correspondence addressed to civilians in the British and United States zones of Germany by enclosing two International Reply Coupons, exchangeable at German post offices for the required postage on each air letter.

Enquirers should be informed accordingly, and, if desired, furnished with the required two International Reply Coupons at the usual rate of 12c. each.

(17) International Reply Coupons.—It has come to the attention of the Department that PHOTOGRAPHIC COPIES of International Reply Coupons are being received in correspondence from Great Britain and Germany and in some instances these coupons have been exchanged at several Post Offices in Canada.

The coupons in question differ greatly in size and in other respects from bona fide coupons, being printed in black on plain white paper measuring only $2\frac{1}{4}$ x 2".

Official International Reply Coupons are printed and distributed to the countries of the Universal Postal Union by the International Bureau, U.P.U., Berne and are of standard size and design, the same in every respect as those sold in Canada for exchange in other countries, except that the name of the issuing country and the selling price in the national currency of the issuing country are over printed in the space provided for this purpose.

Postmasters are advised that these PHOTOGRAPHIC COPIES of International Reply Coupons which have been circulated through a misunderstanding in the country of origin are NOT to be exchanged for Canadian postage stamps.

(18) International Reply Coupons issued in Italy.—The Postal Administration of Italy has advised that the sale of International Reply Coupons in that country has been resumed at the rate of 80 lire instead of 60 lire. As a temporary measure, each coupon of the latter denomination will have affixed to the space on the left side reserved for the date stamp of the office of origin, a 20 lire postage stamp which will be cancelled by the issuing office. An impression of the date stamp of the office of origin will appear on the back of the Coupons.

Such Reply Coupons issued in Italy and presented at Canadian Post Offices should be exchanged for postage stamps in the usual way.

(19) Colombia—Regulations Governing the Importation of Merchandise by Mail.—Import permits previously issued by the Colombian Authorities are now required in connection with merchandise (including books, periodicals and newspapers, except single copies sent to subscribers) received in that country as parcel post, letter packages or prints, by surface or air mail, regardless of the value of the articles concerned.

A certificate of origin of the merchandise is also necessary if the value does not exceed 85 gold francs (\$27.75 Canadian); and a consular invoice must accompany shipments, the value of which exceeds 85 gold francs.

The attention of mailers of merchandise of any kind to Colombia should be directed to these regulations in order to prevent the despatch of unauthorized shipments.

(20) Resumption of Service for Commercial Parcels to the French Zone of Germany.—Reference is made to the notice in the Weekly Bulletin of 25th September in regard to the resumption of commercial parcel post service to the British and United States zones of Germany.

Parcel post service to the French zone of Germany (excluding the French sector of Berlin), has also been extended to include ordinary (uninsured) commercial shipments weighing up to the normal limit of 20 lb. and under the other conditions mentioned in the previous notice.

(21) Resumption of Service for Commercial Parcels to the British and United States Zones of Germany.—The parcel post service to the British and United States Zones of Germany (excluding the relative sectors of Berlin), has now been extended to include ordinary (uninsured) commercial shipments weighing up to the normal limit of 20 lb.

Canadian export regulations must be complied with, and the import requirements of the country of destination must also be observed. Tobacco in any form is prohibited entry by the authorities in Germany. Parcels are subject to Customs examination and/or censorship in Germany.

Whenever possible the attention of mailers should be directed to this matter.

(22) Literature for the Blind to the French Zone of Germany.—The normal weight limit of 15 lb. now applies to printed matter in raised characters (Braille) for the use of the blind, addressed to the French Zone of Germany.

The rate of prepayment is 1c. per 4 lb. or fraction of 4 lb.

(23) Gift Parcels to Greece.—Reference is made to the notices published in the Weekly Bulletins of 13th March and 31st July 1948 regarding exemption from customs duties in Greece applicable to gift parcels containing certain specified articles, which are mailed before July 1st, 1948.

The Postal Administration of Greece has now announced that this exemption will apply to such articles mailed not later than 31st December 1948.

Whenever possible, mailers should be advised accordingly.

(24) Mail Service to Hong Kong.—Advice has been received that surface letters properly prepaid 4c. for delivery in Hong Kong are being erroneously taxed as shortpaid by certain offices of mailing.

Such letters for Hong Kong are liable to postage of 4c. for the first ounce and 2c. for each additional ounce, the rate applicable to destinations in the British Empire. These items are, therefore, not to be taxed, but permitted to go forward in the usual way. It should also be noted that the rating of shortpaid mail for other countries is to be done at despatching exchange offices rather than at offices of mailing.

All concerned should carefully observe the above particulars in order to avoid the irregular treatment of correspondence for Hong Kong or other destinations abroad.

(25) Mail Service to Palestine.—Mail service to Palestine has now been extended to certain places in Arab-controlled areas, of which the following are more important:

Asdoud	Beersheba	Jenin
Beit-Jala	Bethlehem	Nablus
El Khalil	El Faluja	Ramallah
El Majdal	Gaza	Tulkar
Khan Yunis		

As previously announced, mail service to Palestine at present is as follows:

	Limit of Weight	Rate
AIR MAIL—Letters.....	4 lb. 6 oz.....	25c. per $\frac{1}{4}$ oz.
Canada Air Letters.....		15c. each.
SURFACE MAIL—Letters.....	4 lb. 6 oz.....	5c. for first oz.
		3c. each additional oz. or fraction thereof.
Postcards.....		3c. each.
Commercial Papers 4 lb. 6 oz.....		5c. first 10 oz.
		1c. per 2 oz. after.
Printed Matter.....	6 lb. 9 oz.....	1c. per 2 oz. or fraction thereof.
	(Single book 11 lb.)	
Samples of Merchandise.....	1 lb.....	1c. per 2 oz. or fraction thereof.

Parcel Post Service to the whole of Palestine is still suspended. Registration Service is available as indicated in Notice (26) which follows:

(26) Mail Service to Palestine.—Registration service FOR SURFACE MAIL ONLY, has been resumed to the places in Palestine mentioned in the notice in the September 1948 Supplement.

It should be specially noted that facilities are not yet available for the registration of

1. AIR MAIL to any destination in Palestine,

2. SURFACE MAIL to places in Arab-controlled areas. See Notice (25) above.

(27) **Parcel Post Insurance Service to the British Post Office at Tangier, Morocco.**—Parcels from Canada for the British Post Office at Tangier, Morocco, forwarded via England may now be accepted for insurance.

(28) **Parcel Post to Fiji, New Zealand and Australia.**—Under present arrangements, parcel post for Fiji, New Zealand and Australia may be forwarded either by the direct or United States routes depending on the mode of prepayment.

The United States Postal Administration advises that, effective immediately, all surface mails (including parcel post) originating in the United States for Fiji, Australia and New Zealand will in future be forwarded via New York. It is stated that the reason for this action is that faster and more frequent service is available from New York than from the West Coast.

Until further information is available as to whether or not the New York route may also be used to advantage for such parcels originating in Canada, they are not to be accepted for onward transmission prepaid at the rates applicable to the United States route. The Canadian route only from Vancouver will be used until further notice and enquiries from prospective mailers may be replied to in the above sense.

(29) **Parcel Post Service to Ireland (Eire).**—Information has been received from the postal authorities of Eire that import licences issued by the Minister for Agriculture, Dublin, are necessary in connection with cured pork or pork products (excluding the head, feet, rind or offals) sent to that country from abroad.

Mailers should therefore ascertain from the addressee whether an import permit has been obtained before sending such articles to Eire.

(30) **Resumption of Parcel Post Service to Tripolitania.**—The parcel post service from Canada to Tripolitania has been resumed.

Postage rates to the above mentioned destination are as follows:

INFORMATION FOR POSTMASTERS

(1) **Promotions.**—Mr. W. M. MacLean is being promoted from the position of Postmaster Grade 15, Hamilton, Ontario, to Postmaster Grade 17, Toronto, Ontario, vice Mr. J. P. Girvan, retired, with effect from the 2nd January 1949.

Mr. James Turner is also being promoted from the position of Postal Supervisor Grade 7 to District Post Office Inspector at Vancouver, vice Mr. F. H. Middlemiss, retired, effective the 2nd of January 1949.

(2) **Charlottetown-Magdalen Islands Winter Air Stage Service.**—Postmasters are reminded that with the closing of navigation (about December 20) the ordinary SURFACE mail service to the Magdalen Islands will be discontinued.

In the circumstances parcel post mailed too late to connect with the last sailing to the Magdalen Islands will be liable to the following air parcel rates of postage.

15 cents per pound or fraction of a pound up to and including 10 lb.

\$1.80 per parcel over 10 lb. up to and including 15 lb.

2.40	"	15 lb.	"	20 lb.
------	---	--------	---	--------

3.00	"	20 lb.	"	25 lb.
------	---	--------	---	--------

Similarly, all copies of newspapers and periodicals will be subject to the air newspaper rate of 4 cents per pound when mailed by publishers to subscribers and 1c. per 4 ounces or fraction of 4 ounces to each separate address when mailed by the public.

The above instructions must be strictly observed.

(3) **Air Stage Service, Mont-Joli—Baie Comeau, P.Q. Discontinued.**—The summer Air Stage Service, Mont-Joli—Baie Comeau, P.Q. (C.A.M. 42a) in Air Mail Schedules has been discontinued.

(4) **Letter Carrier Delivery Service Established at Red Deer, Alberta.**—A letter carrier delivery service has been established at Red Deer, Alberta, and the name of this post office should be added in alphabetical order to the list in Section 11, Page 15, of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger. (See also Section 123 of the Postal Guide regarding special delivery of parcels).

(5) **Letter Carrier Delivery Service Established at Rimouski, P.Q.**—A letter carrier delivery service has been established at Rimouski, P.Q., and the name of this post office should be added in alphabetical order to the list in Section 11, Page 15 of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger. (See also Section 123 of the Postal Guide regarding special delivery of parcels).

(6) **Changing of Date Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1949".

(7) **Calendars—To be Carefully Handled.**—At this time of the year business firms are preparing to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

(8) **Similarity in Post Office Names.**—The Postmaster at Ispas, Alberta, reports that a considerable quantity of mail is being misssent to his office addressed for Islay, Alberta.

The Postmaster at Bellevue, Alberta, reports that mail is being received at his office intended for St. Isidore de Bellevue, Sask. and Bellview, Man.

The District Post Office Inspector at Edmonton, Alberta, reports that mail matter addressed to Dawson Creek, B.C., is being sent to Dawson City, Yukon, and mail intended for Dawson City, Yukon, is being received at Dawson Creek, B.C.

The Postmaster at Palmerston, Ontario, reports that mail matter addressed to Palmerston, Ontario, is being misssent to Balmertown, Ontario, a new office opened in Northern Ontario.

The Postmaster at Coatsworth Station, Ontario, also reports that considerable mail addressed to Chatsworth, Ontario, is being misssent to his office.

Care should be exercised in the sortation of mail for these offices.

(9) **Name and Address of Sender on Registered Mail.**—When a letter or other article is presented for registration, the Postmaster or wicket clerk should see whether or not the name and address of the sender appears thereon.

If not, the person presenting the article should be courteously requested to place the name and address of the sender either on the face or on the back of the letter or other item.

To preclude the possibility while the article is in transit of the name and address of the sender being inadvertently mistaken for the name and address of the addressee, the return address should be in the upper left hand corner if not on back of item.

(10) **Peru—Import Licences required for Merchandise received by Mail.**—Advice has been received from the Postal Administration of Peru that Import Licences, obtained in advance from the authorities of that country, are required in connection with consignments of merchandise received by mail in Peru.

Mailers should, whenever possible, be informed of this requirement of the Peruvian authorities.

(11) **Non-adhesive Customs Declaration Form 15B and Despatch Note Form 16B must be securely attached to parcels.**—It has again come to the attention of the Department that in certain cases forms 15B and 16B are not properly secured to parcels addressed to other countries for which they are required. In order to comply with the regulations of the country of destination, and facilitate delivery to the addressees, forms 15B and 16B must accompany parcels to the countries in question.

It should therefore be clearly explained to mailers that in their own interests they should exercise particular care in attaching these forms, which are to be folded and placed under the cord at one end of the parcel in such a way that half of the form is on the top of the parcel, the other half on the end. The cord should be very tightly fastened so that the papers will remain in place.

(12) **Customs Declarations and Despatch Notes Covering Parcels for other Countries.**—Certain changes have been made in the regulations governing the use of non-adhesive Customs Declaration form 15B and Despatch Note form 16B, which must accompany parcels for many other countries. All concerned should carefully note the revised information which is reproduced hereunder.

Two copies of the non-adhesive Customs Declaration Form 15B and one copy of Despatch Note Form 16B must be completed and accompany all parcels for other countries, with the following exceptions.

- (1) No Forms 15B and 16B are required for parcels to the United States, Mexico, Puerto Rico, Hawaii, Iceland, Trans-Jordan and British Empire territories listed on page 75 of the Postal Guide, except to the places mentioned in (2) and as indicated in (3).
- (2) Forms 15B and 16B are required for parcels to Ceylon, India, Pakistan and Persian Gulf Ports (Gwadar and Pasni only).

(3)	Country	15B	16B
	Cuba.....	3	1
	Czechoslovakia.....	3	1
	Egypt.....	1	1
	Netherlands.....	3	1
	Palestine.....	1	1
	Switzerland.....	1	1
	Venezuela.....	4	1
	Yugoslavia.....	3	1
	Germany.....	1	1

It should also be specially noted that the adhesive Customs Declaration Form 91B must also be completed and affixed to parcels for all destinations outside Canada.

(13) **Customs Treatment of Gift Parcels in Yugoslavia.**—Information has been received from the Postal Administration of Yugoslavia that customs duties are no longer charged on gift parcels addressed to that country.

Mailers should, when possible, be advised accordingly.

(14) **Rates of postage on Letters and Postcards from other countries to Canada.**—Postmasters are advised that the rate of postage on letters and postcards from the country listed below is as follows:

Country	1st Weight	2nd Weight	Postcards
Tunisia.....	12 francs	8 francs	8 francs

Surcharges should be collected according to Post Office markings.

(15) **Parcel Post for French Settlements of Oceania.**—Parcel post parcels from Canada for the French Settlements of Oceania will in future be forwarded via New Zealand and effective immediately, the rates of postage on parcels for all places in the French Settlements of Oceania will be as follows:—

Via Vancouver and New Zealand

1 lb.....	\$0.55	6 lb.....	\$1.35	Over 10 lb. up to 15 lb.
2 lb.....	0.70	7 lb.....	1.50	\$ 3.00
3 lb.....	0.80	8 lb.....	1.85	
4 lb.....	1.10	9 lb.....	2.00	Over 15 lb. up to 20 lb.
5 lb.....	1.25	10 lb.....	2.10	\$3.50

All parcels for the French Settlements should be forwarded to Vancouver, B.C., to be included in the mails made up by that office.

Parcels cannot be insured.

(16) **Weight to be indicated on Parcels for Overseas Destinations.**—Information has again been received that in certain cases those concerned are failing to indicate the gross weight in pounds and ounces on parcels for overseas destinations in the space provided for the purpose on the adhesive Customs Declaration form 91B, or if there is no such space, immediately above this form, in accordance with the notice published in the Weekly Bulletin of the 25th October 1947 and certain subsequent issues. This procedure does not apply in the case of parcels for the United Kingdom or the United States.

Postmasters are urgently requested to bring this matter to the attention of those concerned in order that this regulation may be observed.
